3. I am informed that a new compartmented clearance has been established which is parallel to the [redacted] clearance (successor to the [redacted] in the [redacted] system. As the [redacted] clearance is authorized for the Seminar, the full benefits of access to the field so protected would not be realized without approval for the parallel compartmented clearance. Thus, I believe that issuance of the new [redacted] clearance would assist materially in achieving the Seminar objective of broadening the participants.
